

Kavya

PERSONAL DETAILS

Current Location Chandigarh
Date of Birth January 8, 2007
Female

EDUCATION

Graduation

Course B.Tech / B.E. (Computer Science and Engineering (CSE))
College Chandigarh College of Engineering & Technology, Chandigarh
Score 8.6%

Schooling

Board Name CBSE
Medium English
Year of Passing 2024
Score 93%

Class XII

CBSE
English
2022
97%

Class X

CBSE
English
2022
97%

SKILLS

- Python
- C
- C++
- HTML
- CSS

LANGUAGES KNOWN

English (Both)

TEST RANKS

- JEE Mains : 189539

INTERNSHIPS

CodeAlpha | January 2026 - January 2026

- i made projects and had a good learning about OOPS applications

PROJECTS

Health Monitoring System | March 2026 - April 2026

- Developed a web-based health monitoring system for managing and tracking patient records.
- Integrated MySQL database for secure storage and efficient retrieval of health data.
- Collaborated in a team to design the frontend and implement backend functionality.

Carbon Capture Optimization System | February 2026 - March 2026

- Developed a system to optimize carbon capture efficiency and reduce energy cost.
- Analyzed CO₂ emission data and implemented optimization techniques using Python.
- Generated performance visualizations to compare system efficiency under different conditions.

Banking System | January 2026 - January 2026

- Developed a console-based Banking Management System in C++ that simulates core banking operations such as account creation, deposits, withdrawals, balance inquiries, and customer account management. Implemented Object-Oriented Programming (OOP) concepts including classes, objects, encapsulation, and modular functions to ensure a structured and maintainable codebase. Integrated file handling to store and retrieve account information, enabling data persistence across program executions. Added transaction validation and error-handling mechanisms to manage scenarios such as insufficient balance and invalid user inputs. Designed a menu-driven interface to provide an interactive and user-friendly banking experience.

Use of Complex Numbers to create Fractal Images: | February 2024 - March 2024

- The fractal images are geometric designs that determines the graph of repeated patterns which helps in designing, telecommunications, Chaos Theory, medical uses like detecting tumors etc.

AWARDS AND HONOR

- Won 2nd prize in National Science day
- Won 1st prize in Aqua-pi day

ACHIEVEMENTS

- School topper in school
